Dr. Hanford will be at his office on Wednesday and Saturday only for this week.—adv.

The planet Venus is becoming each night more conspicuous and getting farther and farther east.

The descendants of Edward Larkin, who was born in 1855, gave a short annual reunion at Narragansett Pier, August 5.

Friends of Miss Annie Heffernan will attend an anniversary reunion in her memory at St. Patrick's church this morning.

On Sunday in the neighborhood of New Haven there was rain for a short time, as noted by local people who came through that city on the train.

There were fifteen suicidal deaths during the past month, four homicides and one infanticide; while three bodies of persons have been found and buried without identification.

The 36th annual convention of the New England Spiritualists' camp-meeting association opened at Lake Pleasant Sunday, and will continue for thirty consecutive days.

The yachts of the Seawanhaka Corinthian and the Corinthian Yacht clubs of Philadelphia, which arrived at Morris Cove Monday evening are due late this morning in New London.

The vacation season has already begun to take its toll for during July there were drowned in Connecticut twelve persons, while there have been numerous narrow escapes of others from a similar fate.

Attorney General Marcus H. Holcomb is sending out notices to between five and six hundred corporations which have failed to file certified copies of their annual reports within the time specified by law and requesting them to immediately remit the \$100 fines for such failures.

The executive committee of the Durham Family association held a meeting recently and decided to hold the reunion this year at Terrace Garden, Meriden, Wednesday, August 11. Last year the reunion was held at the Highland house, Westfield, and about 150 members were present.

Fishermen visiting Vermont for vacation are profiting by a new law. Now everyone who posts a brook has to pay the state for the little trout which he has taken and exact location of brook, and price paid for fish at the town clerk's office, and pay for this registering. Very few do it and most of the brooks are open.

Mr. and Mrs. Edward Fitzsimmons of Rockville, who arrived at Ocean beach Saturday, to spend August, were called back Sunday by the death of their son, Little Fitzsimmons, who was drowned in Crystal Lake, Rockville, while running a motor boat for William J. New London papers state that Miss Huntington of Norwich, who will sail next fall for Porto Rico, where she will be instrumental in starting the formation of playgrounds among the school children, has been getting points from the New London Playground association. Miss Huntington will attend the convention of the National Playgrounds association in New York this summer.

## HAZELHURST FINDS THIEF.

In Ruble Disguise Norwich Detective Does Clever Job at Port Jervis.

Detective Charles E. Hazelhurst of this city is receiving a good share of praise around Port Jervis, N. Y., for a clever bit of detective work to which he was assigned by the superintendent of the Erie police system. After a week of scouting around Sullivan county, Detective Hazelhurst captured the thief and located the stolen property in the shape of costly guns, fishing rods, cigars, fancy poultry, provisions, and a large amount of personal property, which had been disappearing for the last year from the Hartwood Park club house.

The Port Jervis Gazette describes the "rubber" disguise by which the detective circled around the farms of the locality, thereby locating the missing poultry and securing a confession from the thief and his family, who had united with him in the stealing. The culmination of this detective's work was the capture of the thief who had gotten away with the majority of the personal property mentioned. Concealed within the walls of the thief's home were valuable goods worth at least \$500, fishing rods and other articles of personal property, aggregating in amount a large sum. These goods were all recovered and turned over to the proper authorities, and the "rubber" surrounding Hartwood park by reason of these speculations has been cleared away.

Enjoyed Dance in Canterbury.

A bon-ton entertainment held one evening last week at the Wideawake dancing pavilion, located at Frank Smith's mill in Canterbury, guests were present from New York city, Bridgeport, Hartford, Boston, Norwich and adjoining towns. The fine music by Greenman's orchestra made all the evening's sojourn.

The first bicycle with pedals was made about 1790.

## Stationary Engineers in Improved Quarters.

There were many members present at the weekly meeting of the Stationary Engineers' association in the Hill block Monday evening.

It has been decided that the night of meeting will be changed from Monday to Friday in the future and accordingly the next meeting will be held on Aug. 13.

A discussion of the problem of low water was discussed interestingly, as was the effect of river water on boilers. It was generally conceded that river water is bad for boilers and that the salt it contains damages greatly boiler interiors. The temperature of the river water is another bad feature, as it often is too high for condensing purposes. Several instances were given of the effects of the above.

The association's hall has undergone a wonderful improvement recently, and it now has a fine appearance. A new desk has been installed, new linoleum put down, and tungsten lamps added to the lighting effect of the newly painted room. It is planned to sub-let the hall to other organizations to partially meet expenses.

## Drifted Ashore in Stolen Boat.

After drifting in a small open boat all night from Block Island, Earl Southwick, 12, was washed ashore through the surf at Watch Hill Monday, and was immediately placed under arrest on a charge of stealing the boat. It was discovered that he took the boat Sunday at Block Island and started for a sail. The craft was badly smashed on the beach.

## Much Business at Council Meeting

## Mohegan Park Additions Accepted—Vote to Move Tracks in Sachem Street—Ex-Mayor Thayer Presents Bill for \$250

The August meeting of the court of common council was called to order in the council chamber Monday evening at 8:15 o'clock by Mayor Costello Lippitt, all the members being present except Councilmen Heath and Blackledge. After it was voted to omit the reading of the journal, and Clerk Crowell had read the returns of notices given, Mayor Lippitt declared the hearing opened on the resolution proposed at the last meeting directing the connecting company to change its trolley tracks from the center to the south side of Sachem street between Washington and Tantic streets.

After the clerk had read the original resolution, ex-Mayor P. L. Osgood, who occupied a seat under the rail, asked that he sign the original petition, and was, and was told by the mayor that it was the Edward Chappell company. In answer to Mr. Osgood's question as to whether there were any property owners direct who signed the petition, Alderman Robinson stated he believed almost every resident on both sides of the street had signed it, and a number of firms that did heavy trucking.

Mr. Osgood said that neither he nor Mrs. William N. Blackstone had been asked to sign the petition and they two would move frontage man anyone else on the street. At his request, Clerk Crowell was sent out to the files to find the original petition, which when read showed that there were eight persons who had signed it, and the original being May 30, 1907. In answer to Mr. Osgood's question, Superintendent Alderson of the connecting company told Mr. Osgood that there were eight men and the track four feet eight and one-half inches wide. If the tracks were moved to the south side of the street, it would be a matter of feet, and in winter he would be delighted with snow, as the snow plow would not have to go to the north side. Discussing change of grades with Street Commissioner Fellows, Mr. Osgood said that the raising of the grade would make a skating pond of his lawn, but the street commissioner said there was no intention of raising the rails above sidewalk level.

Mr. Osgood asked if the change would necessitate the trimming or removal of any of the five maple trees. Mr. Fellows answered that one near the ravine would probably be removed. Before taking his seat Mr. Osgood said that he hoped the change would be made where it was, as he had lived twenty-one years on the street and had never heard of an accident there and he thought it wrong to move the tracks when a majority of the petitioners were not legitimate taxpayers.

**Trolley Company—Against Change.** Superintendent Alderson presented the objection of the Connecting Company to the proposed change, saying that he had been instructed from New Haven to operate the trolley on the present track. The side location was not as safe as the central one for operating the trolley cars. If put on the side of the street, it would be a matter of feet, and in winter he would be delighted with snow, as the snow plow would not have to go to the north side. Discussing change of grades with Street Commissioner Fellows, Mr. Osgood said that the raising of the grade would make a skating pond of his lawn, but the street commissioner said there was no intention of raising the rails above sidewalk level.

**Claim for Damages.** Through her attorney Charles F. Deane, Mrs. Edna Tiffany Alving of Providence, R. I., August 2.—Norwich and the eastern section of Connecticut has been well represented at the various shore resorts and cottage colonies along Narragansett bay during the past week. Among those reported were the following: Sheriff and Mrs. Brown, Miss Grace Mathewson, Mrs. Hawkins, Mr. and Mrs. J. R. Whitman, of New London, at the Atlantic house, Narragansett Pier.

Mr. and Mrs. C. H. Frisbie, Henry Frisbie, William Frisbie and George Brown were members of an automobile party at Narragansett Pier from Norwich.

Among the registrations at the various hotels at Watch Hill were the following: H. W. Thurston, Mr. and Mrs. W. L. Stewart, of Watch Hill, at the Atlantic house; R. T. Whitworth of Plainfield at the Watch Hill house; Mrs. B. A. Hicks, Miss Grace Hicks, of Norwich, and R. V. Sweet of New London at the Pilmouth house; Mr. Osgood and Edward Harland of Norwich, Mr. and Mrs. H. Mowry with

**For Majority to Approve Department Bills.** Councilman Lester then presented City Treasurer Ira L. Peck's summary of receipts May 1, 1909, to July 15, 1909, is as follows:

Balance on hand May 1, 1909 \$7,823.64  
Water works \$246.58  
Street dept 127.52  
Sewer dept 167.84

Miscellaneous 38.34

Receipts \$46,765.75  
Total \$54,589.39

The treasurer's report covering twenty-three pages, of Auditor W. C. Newell, who has been auditing the books of city departments, was presented and ordered recorded in the journal.

The report of the public works committee was accepted and the resolution adopted setting Sept. 6th as the time for considering the layout of Champlin street as petitioned for by W. W. Ives.

## Accept Mohegan Park Additions.

The public works committee and the park commissioners reported in favor of accepting the offer made by John A. Rockwell of land on the northerly side of Rockwell street to be added to Mohegan park, and also of a strip of land to make Rockwell street seventy feet wide between McKinley avenue and Crescent street. Both reports were

accepted and the resolutions adopted authorizing the council to accept the accompanying deeds when properly signed.

The public works committee also reported favorably as to accepting the offer from John A. Rockwell of a part of Sachem terrace, and the same action as above was taken.

The following was adopted by a unanimous rising vote, as suggested by Mayor Lippitt, when presented by the committee on public works and the board of park commissioners:

To the Court of Common Council of the City of Norwich:  
The committee on public works and the board of park commissioners recommend the passage of the following preamble and resolutions:

Whereas, In the year 1908 Dr. John A. Rockwell executed a deed for the purpose of conveying to the city of Norwich several tracts of land, and the board of park commissioners recommended the passage of the following preamble and resolutions:

Resolved, That this court of common council highly appreciates the gifts and it hereby tenders its sincere thanks to Dr. Rockwell and Mrs. Sumner therefor.

All of which is respectfully submitted.

VINE S. STETSON,  
W. F. LESTER,  
W. H. WOODWORTH,  
JOSEPH T. FANNING,  
WILLIAM A. NORTON,  
ALFRED S. SPALDING,  
HENRY F. PARKER,  
Board of Park Commissioners.  
Norwich, Aug. 2, 1909.

The deeds of the property in question were presented, but were accepted without reading.

W. W. Ives petitioned for permission to confine his premises on Champlin street with a wall to the street sewer. Referred to public works committee, which later made a report recommending granting the permission.

Frank W. Browning petitioned for a grade to be established on the north side of Lincoln avenue. Referred to public works committee.

two resolutions which were read by the clerk. The first provided that hereafter the bills of every department of the city should be approved in writing by a majority of the council, and in charge of each department before the common council approves them or makes any appropriation for their payment. The second resolution was to the effect that the list of bills printed each month in the journal shall contain a statement of what the services are rendered for each month to the treasurer's quarterly report.

These were temporarily laid on the table to be taken up later.

**Payment on Meadowbrook Work.**  
On motion of Alderman Robinson or the board of water commissioners, Councilman Hopkins reported the amounts to \$1,375.78 due T. J. Dodd, \$37.32 due Chandler & Palmer, and \$125 due Henry B. Crutenden, chargeable to the Meadowbrook reservoir improvement, and these sums were voted to be paid.

An invitation to send delegates to the meeting of the League of American Municipalities was taken from the table where it had lain since a meeting in July. It was voted that the invitation be recorded in the journal, and that the clerk be instructed to inform the convention of the council's action. The convention is in Montreal Aug. 25-26-27.

The name of Daniel J. Maher was placed before the council by Councilman Hopkins as a candidate for a constable, and that of Anthony Eymek by Councilman Geer. Both were unanimously elected by 10 ballots.

**Bills Ordered Paid.**  
The following department bills were approved and ordered paid: Water commissioners, \$266.33; gas and electric department, \$5,568.28; park department, \$568.23; finance department, \$2,108.02; street department, \$3,425.95; fire department, \$2,324.55; police department, \$2,110.01; department of cemeteries, \$567.67.

**Bill from Attorney Thayer.**  
Clerk Crowell read a bill against the city presented by Attorney Charles F. Thayer for \$250 for his services from Oct. 1st, 1908, to April 1st, 1909, for services rendered in matters between the board of gas and electrical commissioners and the Union Paper company, wherein Corporation Counsel Frank T. Brown was disqualified. As intimated in the bill these services consisted of advice to the gas and electrical commissioners, divorcing communications with the president and officers of the Union Paper company, draft of contract between the city and the company, and other matters arising in connection with the making of the contract.

Mayor Lippitt said this had come before the finance committee and as he was signatory of who employed Mr. Thayer, he had not included the bill with others on the table. It was referred to the finance committee.

The two resolutions offered by Councilman Lester were then taken from the table after an opinion had been secured from Corporation Counsel Bruce that it was within the province of the council to order resolutions, although Alderman Robinson said he thought there was an ordinance with which they conflicted. The meeting then adjourned at 9:45 o'clock.
